

The Greatest Insight ■ ■ ■

Is Often Found In Smallest Detail.

We See Instrument Needs From
A Different Point of View... Yours.

Otology

Endoscopes with laser-welded joints and scratch resistant windows made from sapphire guarantee a clear view for many years of clinical use.

Rhinology

The human body with its anatomical and functional complexity demands the best skills of the surgeon and the instruments he chooses.

It is our mission not only to meet but to surpass these requirements with our products and services.

Laryngology
